

## Programs

- **Sound Foundations Workshop**

Discover how you can use your own voice to create a sense of peace, self-awareness and relaxation. This workshop focuses on balancing each energy center (Chakra) of the body by using core seed sounds (Mantras), vowel sounds, and breath work. We can use these sound vibrations to access our prana (life force) and facilitate healing. The seed sounds are used to activate each chakra while the vowel sounds release tension and facilitate the movement of Prana through the energy channels of the body

- **Peace Program**

The Peace Program promotes stress reduction, self-esteem, self-reflection and team building. The program provides coping skills, strategies, and tools, which incorporate the multiple intelligences. These include mindfulness, yoga, guided visualization, music, vocal toning, and short stories. The program is designed for a variety of venues, including, corporate, mental health, private and public school facilities. Each workshop is custom tailored to meet the needs of its respective audience.

- **Kirtan**

This is a participatory musical event using a singing call-and-response of sacred healing Mantras. Without the work of mentally quieting the mind, Kirtan can carry us effortlessly to a place of quiet and stillness. All the Mantras, melodies, and instruments of Kirtan are designed to lead us toward a meditative state of oneness and wholeness.

- **Yoga**

Prana Yoga is the yoga of accessing the experience of prana through yoga practice. Prana Yoga guides students through the emotional body with the use of movement, breath, sound, concentration, and meditation. This class is a guided approach to accessing more energy and releasing stress.

- **Live Music for Yoga Classes**

Sensitive to the flow of the Yoga class, Sharon Silverstein creates a musical accompaniment that supports the Yoga practice by using various sounds of the Native American Flute, Tibetan singing bowls, African Drums, Harmonium, Voice and Guitar. Moving rhythmically and melodically with each asana, Sharon plays to the moment helping to create an unforgettable, energized, relaxing and deepening experience for all participants.
